

Together

Together, we can make a difference in the lives of people throughout York Region and have an immeasurable impact on the success of our growing communities.

we are

We are at an important juncture in the life of our community and we have a choice to make. People are the essence of our community, its spirit and its future and they yearn for opportunity and hope. Are we prepared to help those in most need?

needed by

Needed and guided by a passionate concern for the dignity and well being of people, The Salvation Army has been serving here in York Region for over a century and is established as the largest, independent, non-governmental, non-profit provider of social services in the country

our community

Here in our local community, Northridge Community Church provides support to people for items most Canadians take for granted. Food for the hungry, support to the grief stricken and help to those in danger of eviction or with no place to stay. People find hope and encouragement towards a better future and for some, that can mean the start of a new life.

to help

To help, if only for a short time can mean a great deal to others in need. Whether you're a business, school, student, parent, child, employed or looking for work - volunteering can help you meet people, create new opportunities, and better yet, make a difference here in our own community.
